

ABEC04ACT1105

Sim

Age range : Std. 3 to Std. 5

Number of players : 2

Learning :

- Strategy

You will need :

- Dry erase markers in 2 different colours
- A laminated game board

Objective :

Force your opponent to complete a triangle in his or her colour.

Instructions :

- Decide who goes first.
- The first player draws a straight line between any two vertices.
- The second player draws a straight line between any two vertices.
- Take alternate turns in this fashion until one player has completed a triangle in which all three sides are of his or her color and thus, loses the game.
- In the image grid below, you can see the progression. In the final grid, you can see the small orange triangle in the upper right, which means orange has lost.
